MasterSeal™ Asphalt Based Pavement Sealer

The Industry's #1 Choice For Quality & Performance.

A Pavement Maintenance Program That Includes Periodic Sealcoating And Crack Filling Will More Than Double The Service Life Of Asphalt Pavement.

- Scheduled Pavement Maintenance Program Curve
 - Pavement Deterioration Curve - No Scheduled Maintenance

Sealed vs. Unsealed

Sealed vs. Unsealed...

Problem: Left untreated, asphalt pavement will deteriorate rapidly. The asphalt binder that holds the pavement together begins to oxidize and weather soon after installation. Moisture penetrates the asphalt causing further damage and deterioration to the pavement.

Solution: MasterSeal Asphalt Based Pavement Sealer replenishes the binder that is lost through weathering and aging, and provides superior protection against environmental distress.

MasterSeal Asphalt Based Pavement Sealer restores the original black color to asphalt and greatly enhances the overall appearance of your property.

Product Description...

MasterSeal is a clay-stabilized mineral filled asphalt emulsion designed to protect and beautify all asphalt pavements including parking lots, driveways, airports, shopping malls, roadways, and more.

Professional Service...

SealMaster pavement sealers are applied by our nationwide and world-wide network of qualified pavement maintenance professionals to assure optimum product performance and customer satisfaction.

Meeting And Exceeding Industry Standards - MasterSeal Asphalt Based Pavement Sealer meets the performance standards of ASTM D-2939.

Superior Protection

PROTECTION FROM OXIDATION

RAIN SNOW FROST

PROTECTION FROM MOISTURE

PROTECTION FROM CHEMICALS
